Re: Freedom of Information request 202206- Request Part-Grant.

Dear

I refer to your request, originally dated and received on 6th of April 2022, which you have made under the Freedom of Information Act 2014 (FOI Act) for records held by the Land Development Agency (LDA).

“I would like to request to see the minutes from the February Board meeting (2022) of the Land Development Agency.”

I wish to inform you that I have decided to part-grant your request on the 6th May 2022.

The purpose of this letter is to explain my decision.

1. Findings, particulars and reasons for decisions to deny access.

Details of your request were provided to the relevant sections within the LDA to identify records held which were within the scope of your request.

The records requested are attached to this decision letter for your information.

I wish to inform you that I am refusing a number of records in accordance with Section 29(1), 36(1), Section 37(1) of the FOI Act. These records are included in the Schedule of Records in **Appendix 1**.

Section 29 – Deliberation of Public Bodies

(1) A head may refuse to grant an FOI request-

- a) If the record concerned contains matter relating to the deliberative processes of an FOI body (including opinions, advice, recommendations, and the results of consultations, considered by the body, the head of the body, or a member of the body or of the staff of the body for the purpose of those processes), and
- b) the granting of the request would, in the opinion of the head, be contrary to the public interest,

Section 36-Commerically Sensitive Information

- (1) Subject to subsection (2), a head shall refuse to grant an FOI request if the record concerned contains
- a) trade secrets of a person other than the requester concerned
 - b) financial, commercial, scientific or technical or other information whose disclosure could reasonably be expected to result in a material financial loss or gain to the person to whom the information relates, or could prejudice the competitive position of that person in the conduct of his or her profession or business or otherwise in his or her occupation, or
 - c) information whose disclosure could prejudice the conduct or outcome of contractual or other negotiations of the person to whom the information relates.

Section 37-Personal Information

(1) Subject to this section, a head shall refuse to grant an FOI request if, in the opinion of the head, access to the record concerned would involve the disclosure of personal information (including personal information relating to a deceased individual).

Personal information is defined at Section 2 of the FOI Act and includes the following:

Section 2 -- Interpretation

2. (1) *In this Act-*

"personal information" means information about an identifiable individual that, either-

- (a) would, in the ordinary course of events, be known only to the individual or members of the family, or friends, of the individual, or*
- (b) is held by an FOI body on the understanding that it would be treated by that body as confidential,*

and, without prejudice to the generality of the foregoing, includes-

- (iii) information relating to the employment or employment history of the individual,*
- (v) information relating to the individual in a record falling within section 11(6)(a).*
- (vii) information relating to any criminal history of, or the commission or alleged commission of any offence by, the individual,*

Harm Test and Public Interest Test

There is Harm test and Public Interest Test associated with section 29, 36, and 37 of the FOI Act whereby my decision must be made having fully considered the public interest relevant to this request.

The Harm test has been considered and it is believed that the release of these documents will have a likely prejudice on reasonable expectation that information provided to and held by the LDA can be maintained in a confidential manner, which outweighs the public interest that would be served were the records released to you.

I have considered the public interest issues which arise in your request and have taken account of the following factors in favour of release:

- Ensuring openness and transparency of organisational functions to the greatest possible extent.
- The public interest in members of the public exercising their rights under the FOI Act.
- That there is more than just a transitory interest by the public in this information being released.
- The right to privacy is outweighed by the needs of the public.

In considering the public interest factors which favour withholding the records, I have taken account of the following:

- The best course of action which is in the public interest with regard to these records.
- That the LDA can conduct its business with external stakeholders in a confidential manner.
- Allowing a public body to hold personal information without undue access by members of the public.
- The public interest is not best served by releasing of these records.
- Protecting the flow of information to public bodies.
- Ensuring public bodies can carry out their duties without intrusion by the public.

Having reviewed the records for your request, I find there is no exceptional circumstance in this particular case that would warrant release of these particular records and therefore my decision is to find that the public interest is best served by refusal.
