Hi [REDACTED]

Thanks for getting back to us. We would definitely benefit from an additional meeting with yourself, [REDACTED] and [REDACTED] as we have developed further the option we tabled at our last meeting. We would like to present this to you and team and to see how this could be progressed with you.

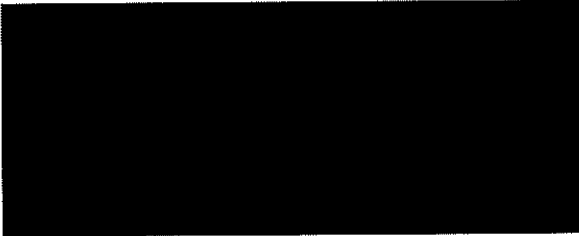

In terms of timing, the timeslots next week look possible:

- Monday 4th : 10am or 11am
- Wednesday 6th : 10am, 11am, 12pm or 1pm
- Thursday 7th : 9am or 10am
- Friday 8th : 2pm, 3pm or 4pm.

I trust that we can make one of these times work, and you might revert to me once you have your preference on this internally. Many thanks,

Kind Regards,

Many thanks for your time this afternoon to meet with us, and for facilitating the meeting with your colleagues.

I have attached the Presentation on Phase 1 for your review, and we would be happy to progress with our Transport Engineer and speak with either yourself, or the Security team further to better understand your requirements, and what options might be viable to look at.

Please let us know if you have any queries on the attached and we look forward to working with you further on this to further test the feasibility of Phase 1.

Hi [REDACTED]

Now that [REDACTED] are mobilising to start work on the Capacity study, they have requested a Site Visit for their team. They are asking if this could be done on the week of 8th August (Monday is the Bank Holiday). If it needs to be the following week that is also not an issue at our end.

The names of attendees would be:

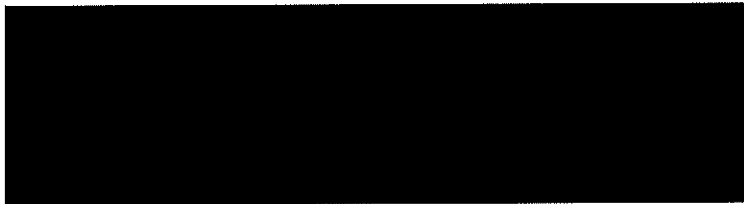

[REDACTED]
[REDACTED]
[REDACTED]

We can limit to 2/3 personnel if that proves problematic. You might let me know if this is possible tomorrow once you've had a chance to look into it? Thanks.

Hi [REDACTED]

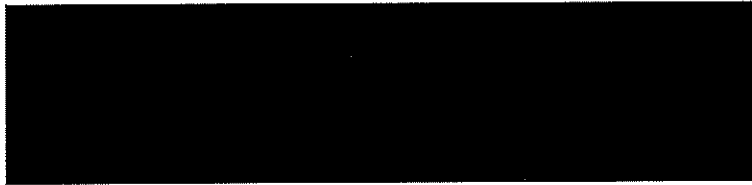

Thanks for getting in touch. We are delayed with the commencement of the Capacity Study but now have a Design Team in place, led by [REDACTED] and hope to be moving forward with it from next Monday 31st July onwards. We could look to try and gain access for a Site Visit at say the end of August, if this could be facilitated?

You might let me know what process you normally follow for this and how long it normally takes to get it approved if we make a request if you could please? We can then get this started anyhow.

Many thanks for your assistance in this regard.

Kind Regards,

Hi [redacted]

Just checking in to see how the Capacity Study is going and to see if you will need any physical access to the site? It can take quite a bit of organisation to get on site so any advance notice you can give would be very helpful

Hi [redacted]

There was a single planning application made in 2017 for the NPA façade and the Print Building.

We have the original application and DLRCC's request for further information and the notification of grant of application. Note: this work did not proceed.

I've attached the actual application drawings - let me know if you want anything else. I'll text you the password.

Happy to discuss next Monday if that would help?

Hi [REDACTED],
I have been given your contact details by my colleague in the [REDACTED] of the LDA, [REDACTED] You facilitated [REDACTED] visiting the Mint Site in Sandyford in April of this year.

As you know, the LDA has identified this piece of land for potential development and a transfer from the State for our development of Affordable and Social Housing on this land. I am now involved alongside [REDACTED] on the preparations of the Capacity Study the LDA is undertaking to identify further the viability of this scheme.

Would you be aware of two Planning Applications where [REDACTED] prepared information on behalf of the Central Bank – attached screenshots showing these drawings? Our Architect's who are preparing the Capacity Study on the land would like to get hold of these drawings, and we were wondering would you be in a position to authorise them to release them to me for them? If this isn't possible, that's also fine with us but I thought it would be best to check if this can be accommodated anyway.

Many thanks in advance for your assistance in this regard.

Kind Regards,
[REDACTED]

Hi [REDACTED],

I hope you are keeping well.

We are progressing the capacity and constraints study and our Design Team have asked if any more topographical information would be available from the planning application [REDACTED] undertook. If agreeable from your side, would it be possible to ask [REDACTED] for this? Our Team have offered, pending your permission of course, to contact them to discuss, if that made it easier for all parties.
