**Re: Freedom of Information request 202414 – Request Part-Grant.**

Dear,

I refer to your request, dated and received on the 28<sup>th</sup> of May 2024, which you have made under the Freedom of Information Act 2014 (FOI Act) for records held by the Land Development Agency (LDA).

- *a copy of all information the LDA hold on me.*

I wish to inform you that I have decided to part-grant your request on the 26<sup>th</sup> of June 2024.

The purpose of this letter is to explain that decision.

**1. Findings, particulars and reasons for decisions to deny access.**

Details of your request were provided to the relevant sections within the LDA to identify records held by us which were within the scope of your request.

The Cost Rental section provided further information in relation to your request:

- Applicant completed online form expressing interest in a 1-bed apartment at Dun Oir – Status on completion of form = Applied
- Applicant was ranked #161 in random lottery selection
- 12 x 1-bed units were available
- Applicants ranked numbers 1-12 on the list were invited to submit supporting documents for their applications
- Applicant's current status is 'Queued' at #161

A number of records have been identified as being requested by you and are attached to this decision letter for your information.

A number of redactions have also been applied to the attached record under Sections 36(1)(b) and 37(1) of the Act. These redactions are detailed in the Schedule of Records in **Appendix 1**.

Section 36 states that:

**Commercially Sensitive Information**

*36. (1) Subject to subsection (2), a head shall refuse to grant an FOI request if the record concerned contains*

- (b) financial, commercial, scientific or technical or other information whose disclosure could reasonably be expected to result in a material financial loss or gain to the person to whom the information relates, or could prejudice the competitive position of that*

*person in the conduct of his or her profession or business or otherwise in his or her occupation, or*

I am satisfied that the release of certain sensitive information contained within this record would prejudice the competitive position of the outsourced service provider and reveal technical information and trade secrets of said provider. This therefore is commercially sensitive in accordance with the provisions of Section 36 of the Act.

I am cognisant of the fact that the release of information under the Act is, in essence, a release to the public at large. I am of the view that the full release of this sensitive record could reasonably be expected to result in a material financial loss to the service provider.

### ***Public Interest Test***

There is a Public Interest Test associated with section 36 of the FOI Act whereby my decision must be made having fully considered the harm and public interest relevant to this request.

I have considered the public interest issues which arise in your request, and have taken account of the following factors in favour of release:

- Ensuring openness and transparency of organisational functions to the greatest possible extent.
- The public interest in members of the public exercising their rights under the FOI Act.
- That there is more than just a transitory interest by the public in this information being released.
- The right to commercial confidentiality is outweighed by the needs of the public.

In considering the public interest factors which favour withholding the record as detailed in your request, I have taken account of the following:

- Allowing a public body to hold commercial information without undue access by members of the public.
- The public interest is not best served by releasing these records.
- That the LDA can conduct its commercial activities with external stakeholders in a confidential manner.

Having balanced the public interest factors both for and against the release, I decided that the public interest in preserving the information and the reasonable expectation that information can be maintained in a confidential manner by the LDA outweighs the public interest which would be served were the detail released to you.

### **Section 37-Personal Information**

Under the FOI Act, records are released without any restriction as to how they may be used and thus, release under the FOI Act, is in effect, and regarded as being released to the world at large. As a result, I am conscious of my obligations to retain personal information in a confidential and secure manner and prevent personal information from being released into the public domain unnecessarily. Additionally, the LDA as a matter of course redacts the mobile phone numbers and email addresses of employees as these are part of the body's IT security management.

**Please note** that as your FOI request was for your own personal information the records will not be published on the LDA website. As such, your own personal information remains unredacted in the attached records.

Section 2 of the FOI Act defines personal information as follows:

2. (1) *In this Act*

*"personal information" means information about an identifiable individual that, either*

*(a) would, in the ordinary course of events, be known only to the individual or members of the family, or friends, of the individual, or*

*(b) is held by an FOI body on the understanding that it would be treated by that body as confidential, and, without prejudice to the generality of the foregoing, includes*

*(iii) information relating to the employment or employment history of the individual,*

Section 37(1) provides that a public body shall refuse to grant a request if access to the records concerned involves the disclosure of personal information. I am satisfied that parts of certain records relate to third parties, and I am satisfied that the records consist of personal information.

*37. (1) Subject to this section, a head shall refuse to grant an FOI request if, in the opinion of the head, access to the record concerned would involve the disclosure of personal information (including personal information relating to a deceased individual).*

As section 37 requires a public interest test be carried out. I have considered the public interest issues which arise in this case and have taken account of the following factors in favour of release:

- Ensuring openness and transparency of organisational functions to the greatest possible extent.
- The public interest in members of the public exercising their rights under the FOI Act.
- That there is more than just a transitory interest by the public in this information.
- The right to privacy is outweighed by the needs of the public.

In considering the public interest factors which favour withholding the record, I have taken account of the following:

- The public interest is not best served by releasing this record.
- Maintaining the privacy and personal information of staff of external service providers.
- That there is a reasonable and implied expectation that sensitive personal information will remain confidential.
- That there is no overriding public interest that outweighs the individual's right to privacy.
- The IT security infrastructure of the LDA.

Having balanced the public interest factors both for and against the release, I have decided that the public interest in preserving the information and the reasonable expectation that information can be maintained in a confidential manner by the LDA outweighs the public interest which would be served were the detail released to you.
